ABOUT ME

A dedicated and experienced professional in the field of computer science with a strong passion for software engineering and education. Possessing a Bachelor's degree in Computer Science from Nangarhar University, I have continually sought opportunities to both enhance my own skills and contribute to the growth of others in the field. With a background that includes teaching Information Technology during my undergraduate years, volunteering as a Software Security Lecturer, and gaining practical experience as a Web Developer, I bring a diverse skill set to any team or project.

I have been equipped with a solid foundation in various facets of technology. Throughout my academic journey, I've cultivated a deep understanding of programming languages, algorithms, and software development methodologies.

WORK EXPERIENCE

[17/12/2022 – Current]
